Career Counselling

We not only believe in providing support to our students during their time at university but wish to help them find their feet beyond its walls as well. To that effect, SZABIST does various efforts to counsel students with respect to career-building. Apart from our faculty having an approachable attitude, they're also involved in arranging career counselling sessions to discuss with them the various options available to them at the end of law school and help them choose the one best for them.

One of the biggest efforts in this respect is carried out by SZABIST's Executive Development Centre (EDC). The EDC organizes yearly career fairs to enable students interact with prospective employers which include leading multi-national companies and gain job opportunities.
