About SZABIST

Shaheed Zulfikar Ali Bhutto Institute of Science and Technology (SZABIST) is highly ranked and fully chartered institute of Pakistan established through a Legislative Act of Sindh Assembly (Sindh Act No. XI of 1995). It is approved and recognized by the Higher Education Commission (HEC) Pakistan as a degree awarding institution. All the programs offered at SZABIST are consistent with the guidelines laid by HEC and other regulatory bodies, for example, National Business Education Accreditation Council (NBEAC), National Computing Education Accreditation Council (NCEAC), National Accreditation Council for Teacher Education (NACTE), and Pakistan Engineering Council (PEC).

Vision

SZABIST aims to be a globally recognized institute for excellence in education, research, development, and distinction in service.

Mission

SZABIST is committed to produce highly qualified professionals to:

- Meet national and global contemporary needs;
- Conduct cutting edge research and development;
- Provide hi-tech scientific and technological expertise;
- Meet current and future socio-economic challenges;
- Meet global citizenship responsibility.

Career Opportunities

The Public Health graduates after completing MSPH, have tremendous opportunities of serving in wide range of multidisciplinary sectors. The most prominent career opportunities of those are:

- Epidemiologist
- Public Health Practitioner
- Healthcare Manager
- Public Health Educator
- Environmental Health Scientist
- Tropical & Infectious Disease Specialist
- Private Healthcare Consultant
- Nutrition Health Advisor
- Food Industry
- Pharmaceutical Industry
- Biotechnology Industry
- Research scientists in the Research and Development (R&D) sector
- Hospitals and Healthcare Centers
- Agriculture Industry
- Business Consultancy
- Disaster and Emergency Specialist
- Public Health Nurse
- Health Policy Associate
- International Healthcare Worker
- Health Services Administrator
- Occupational Health Specialist
- Clinical Research Coordinator

A 6-8 weeks internship program in a reputable organization further improves chances for our students to secure job placements in national and international organizations after their graduation.

Department of Public Health

Faculty

The faculty of the Public Health Department include professionals with relevant technical expertise and experience in both research and teaching. The faculty is heavily engaged in their research projects and also provides quality supervision in terms of academics and research to the students.

Lab Facilities

SZABIST is proud of its hi-tech and state-of-the-art scientific laboratories conducting research at par with international standards. Our labs include:

- Applied Microbiology and Immunology Lab
- Animal Cell Culture Lab
- Plant Cell and Tissue Culture Lab
- Applied Biochemistry and Enzymology Lab
- Natural Product Chemistry and Biotransformation Lab
- Biotechnology and Molecular Biology Lab
- General Biosciences Labs
- Green House
