"We will give science and technology requirements the highest priority and our attention. To implement any program of scientific and technological development, the country needs to train scientific manpower. In this, the schools, colleges and universities have to play their role. I desire that vast number of people of Pakistan should acquire technological skills. I want first-class science in Pakistan because nothing less is acceptable. And I wish Pakistan to be increasingly self-reliant in all aspects of technology."

"Technology and Communication have changed our world and are influencing a global culture. The ability to google information from anywhere in the world puts technology into the hands of even the most isolated rural communities in the developing world. The more people learn, the more they want to learn. The more they interact, the less likely they will be to fear the unknown. Just as democracy and educational exchange promote peace, the free flow of modern technology and communication promote peace."

CELEBRATING 25 YEARS OF SZABIST

Dr. Azra Fazal Pechuho
Chairperson/Chancellor,
SZABIST

بسم الله الرحمن الرحيم السلام عليكم

Dear Students, colleagues, management, faculty and staff of SZABIST. It gives me immense pleasure to address you on the 25th Anniversary of SZABIST. SZABIST has been a hallmark university throughout the years. With pride, I can say that our Founding Chancellor Shaheed Mohtarma Benazir Bhutto was highly involved in the setting up of SZABIST and putting it together is one of her biggest contribution to education for our youth.

I started as a Member of the Board of Trustees when I was in Dubai and Shaheed Mohtarma Benazir Sahiba was running SZABIST during her exile. I continued to be a Board member until I became Chancellor in 2008. After the Shahadat of Mohtarma Benazir Bhutto, it was hard to step into her shoes because she had been instrumental in setting up SZABIST as a premier education institute.

During my tenure, I have tried to work with everyone in SZABIST community to bring about major changes in the SZABIST university teaching processes and instruction processes. Along with this SZABIST has been able to launch ZABTech institutes in various districts of Sindh. We have really expanded the SZABIST portfolio by establishing schools and colleges in various districts of Sindh.

I would also like to thank our founding members who were instrumental in setting up SZABIST. We would further like to see that SZABIST becomes one of the premier universities, which continues to serve the people of Pakistan, the citizens of Pakistan.

25 YEARS OF EXCELLENCE

CELEBRATING 25 YEARS OF SZABIST

Mr. Aftab Shahban Mirani
Vice-Chairman,
SZABIST

I would like to congratulate the students, the faculty, and all those associated with SZABIST on the 25th Anniversary. It has been a very difficult struggle. This idea came into the mind of my leader Shaheed Mohtarma Benazir Bhutto Sahiba 30-35 years back, she said my vision is that Pakistan should get the highest quality of education, specially the area of Sindh because in the interior of Sindh people have never received quality education. So with that endeavor in mind the existence of SZABIST came into being 25 years back.

First, we had a campus in Karachi, the second in Larkana, and then we moved out to Islamabad and then in the interior of Sindh and today, we have gone internationally and we have a campus in Dubai. So this was the sincere effort of Benazir Sahiba. Our most difficult task was to get a team of high quality teachers, because to get high quality teachers of real high caliber was very difficult because our institution was new. But with God's grace and the efforts of the people we got a wonderful team and right from the beginning the objective was always that we should be among the top institutions of the country. Today, Masha'Allah we are among the top academic institutions where high quality education is imparted.

I must heartily congratulate Bakhtawar Bhutto Sahiba who is a Chairperson of SZABIST and Dr. Azra Fazal Pechuho who is the Co-Chairperson as well as the Chancellor of SZABIST who have put in their continuous efforts towards building up this institution. It has been a joint effort of everyone in SZABIST whether academicians and non-academicians. Moreover, today I am proud of the fact of where we have reached. My message to the students and to all young people is to endeavor to reach to the top.

25 YEARS OF EXCELLENCE

CELEBRATING 25 YEARS OF SZABIST

Abdul Razak Soomro
Member Board of Trustees,
SZABIST

It is a matter of great appreciation and satisfaction to know that SZABIST authority has decided to celebrate 25 years of its establishment.

I have had the honor of being appointed as member of board of trustees under Shaheed Mohtarma Benazir Bhutto leadership in the year 1997. By grace of Almighty Allah, I have been working as member for last 23 years. Through this long association, I have seen SZABIST growing and progressing rapidly. It brings deep sense of fulfillment to trace the phenomenal achievement of Shaheed Zulfikar Ali Bhutto Institute of Science & Technology (SZABIST) during the period of 25 years.

A part from degree awarding campuses the institute has established number of Junior Schools, Intermediate Colleges, Technical and Vocational Centers named as ZABTech providing opportunity to young and old to earn livelihood through practical training. ZABTech by its program and success has earned support of European Union, German Corporation, Norwegian Embassy and Government of Pakistan.

One prestigious position that SZABIST acquired is that University of London authorized Karachi Campus to establish three years external program for L.L.B degree. Students take admissions in London through SZABIST Karachi Campus where they take classes and are prepared to appear for three yearly L.L.B examinations to be conducted through High Commission of UK in Karachi. Sizeable number of young people through this arrangement are now holding L.L.B degrees of University of London and saving millions of rupees by not attending classes in London.

The main campus in Karachi along with campuses in Islamabad, Larkana, Hyderabad and Dubai have produced promising young alumni in many disciplines. It is a matter of pride for SZABIST that hundreds of our alumni possess important and responsible positions both nationally and internationally.

The Larkana campus is an outstanding project which was completed in 2004, under able guidance of Shaheed Mohtarma Benazir Bhutto, I was one of the members of construction committee, Mohtarma appointed me as a honorary financial controller of Larkana Campus from 2004 which duty I am performing up to now, performance of this duty according to me is social service which I am enjoying the most.

Lastly considering the academic excellence of SZABIST, I heartily facilitate the faculty and administration for their devotion and commitment to the cause of quality education and enhancing the reputation of the SZABIST.

25 YEARS OF EXCELLENCE

CELEBRATING 25 YEARS OF SZABIST

Khurshed A. Junejo
Member Board of Trustees,
SZABIST

My affiliation with Shaheed Mohtarma Benazir Bhutto started in 1988 when she became the Prime Minister of Pakistan. At that time, I became an information secretary of division Larkana and from that time, Shaheed Mohtarma Benazir Bhutto had this idea in mind of making an institution for the people of Pakistan so that people would know who Shaheed Zulfikar Ali Bhutto was. She wanted to make an institute in the name of her father.

The initial Members Board of Trustees were Sardar Farooq Leghari, Dr. Naseer Sheikh, Yahya Bakh-tiar, Syed Ghulam Mustafa Shah, Iftikhar Gillani and Iqbal Haider. They all conceived an institution which will be established across Pakistan. On 2nd January 1996, just three days before the birth-day of Shaheed Zulfikar Ali Bhutto, Shaheed Mohtarma Benazir Bhutto opened the institute named ZABIM in Larkana. It was a small college in a rented bungalow where we opened Zulfikar Ali Bhutto Institute of Management (ZABIM). From here, we started our journey and today by the grace of God, SZABIST has now become a renowned institution both inside Pakistan and outside as well. We have campuses in Karachi, Dubai, Larkana, Hyderabad, Islamabad and we have a large network of schools, colleges and vocational training institutes established in different areas of Pakistan. Chairperson / Chancellor Dr. Azra Fazal Pechuho is now carrying the vision of Shaheed Mohtarma Benazir Bhutto. Thank You!

CELEBRATING 25 YEARS OF SZABIST

Dr. Nafisa Shah

Member Board of Trustees,
SZABIST

Congratulation to SZABIST for its 25 Years Anniversary. It is a moment of great joy that we have reached this far. My association with SZABIST is of seven years. SZABIST was the fulfilment of the dream of our leader Shaheed Mohtarma Benazir Bhutto.

Shaheed Mohtarma Benazir Bhutto was a world-class leader and her vision was very broad. At one hand, she wanted the name of her father Shaheed Zulfikar Ali Bhutto to remain alive and on the other hand, she wanted to establish an institution, which would provide high quality education to the young generation of our country. In her lifetime, not only did she do the ground-breaking work of SZABIST but also helped it reach a high position. The good thing is that even after the martyrdom of Mohtarma Benazir Bhutto the institute is run with the same vision and dedication. On this momentous occasion, I would specially like to congratulate Co-Chairperson / Chancellor Dr. Azra Fazal Pechuho who is taking forward the workings of this institution with great commitment and dedication. Right now, SZABIST offers various programs apart from its initial tech programs. SZABIST has its system of schools and has a skill development program, which have been running very efficiently. I would also like to congratulate Chairperson Bakhtawar Bhutto Zardari who at such an early age has taken over the responsibilities of this institution.

I pray that we keep working towards the vision of Shaheed Mohtarma Benazir Bhutto to make SZABIST a premier world-class institute. Thank You.

CELEBRATING 25 YEARS OF SZABIST

Justice (R) S. Ali Aslam Jafri
Member Board of Trustees,
SZABIST

My relationship with SZABIST is in a sense very old as I remained aware of the activities of SZABIST through newspapers or when I used to meet the students of SZABIST. I got the idea that SZABIST is a good institution which provides its students education in different fields of sciences apart from Law. Few years before when I was invited to join as Member Board of Trustees and Board of Governors at SZABIST so I accepted this offer whole heartedly and from then on I am involved in the activities which the Board Trustees and Board of Governors perform. It gives me immense joy to see this institution with all its hard work has completed the period of 25 years. It was the vision of Mohtarma Shaheed Benazir Bhutto that the people of Pakistan should get better opportunities of education. I feel that the graduates of SZABIST emerge as disciplined citizens of Pakistan because of the good quality education that they had received. The fact that the graduates of SZABIST are wholeheartedly performing their duties in different professions indicates an efficient management team of SZABIST and that SZABIST as an institution provides a productive environment for its students along with good faculty. I am adamant on the fact that in the coming years we will provide better service for the nation of Pakistan and in the process of making educated and respectable citizens of Pakistan SZABIST will continue to play its role. The management of SZABIST, its chairperson, all of them are devoted people who feel obliged to serve this institution. I pray to Allah to give this institution more success and to elevate the statuses of its management and faculty.

The milestones achieved by SZABIST in the last 25 years by the stakeholders of this institution bear testimony to the vast untapped potential we have in our youth. These 25 years of success offer a wonderful opportunity to reflect upon the history of the institution and the important contributions it has made to the quality of education.

Once again I would like to congratulate the whole SZABIST community on their Silver Jubilee and hope to see it grow to an even bigger contributor to our society.

CELEBRATING 25 YEARS OF SZABIST

Haris Gazdar

Member Board of Trustees,
SZABIST

Shaheed Mohtarma Benazir Bhutto carried the legacy of her illustrious father in all arenas of public life. She led courageously, faced terrible hardships, remained true to the democratic path, taught and practiced reconciliation under the most challenging conditions of adversity, stood with the people, and was willing to sacrifice all. Through her life and her actions she continued to pay tribute to this legacy. SZABIST is part of that tribute. Shaheed Zulfikar Ali Bhutto had a dream for the country, for all of Asia, in fact for what is called the Global South now - it was to overcome economic backwardness and political dependence through excellence in science, technology and adopting modern approaches to solving problems, while remaining true to our soil, drawing strength from its history. His vision of 'sohni dharti' was the beloved land, made beautiful by a people empowered by democracy and scientific advances. In my opinion, SZABIST represents part of that legacy preserved and advanced by Shaheed Mohtarma Benazir Bhutto - global excellence with local roots.

CELEBRATING 25 YEARS OF SZABIST

Dr. M. Suleman Shaikh
Secretary Board of Trustees,
SZABIST

It is an occasion to rejoice and celebrate. SZABIST has completed twenty-five years of its dedicated services towards the quality education. I was elected as member of Board of Trustees on 10th January 1992 in the 2nd meeting of Board of Trustees. I have fond memories of working with Mohtarma Benazir Bhutto (Shaheed) while she was in opposition and then Prime Minister of Pakistan. The meetings of Board were always related to establish SZABIST.

The Project Director was appointed in 1995 and in November 1995 the first batch of students of Masters in Software Engineering was enrolled. I was appointed first full time Secretary Board of Trustees on 19th December 1999 and took over the office on 1st January 2000. Last 21 years has taken SZABIST from two faculties to seven departments.

Anyhow, Ghara Campus is under construction and ZABTech (ITVE) Ghara has been established.

The hard honest work has shown us the path of success. I believe we can achieve the heights of academic excellence by dedication and hard work.

Allah Bless SZABIST (Ameen)

CELEBRATING 25 YEARS OF SZABIST

Shahnaz Wazir Ali
President,
SZABIST

SZABIST's journey of 25 years is one of unique institutional development. Starting with just two departments of Management Science and Computer Science, today it is a university which offers eight major programs. All these programs are aligned to the needs of Pakistan's socio economic development as well as to the needs of the young generation who have to deal with a very competitive world. SZABIST is unique in many ways, it is dedicated to being a quality university which focuses on rigorous academic work, promotes relevant and high relevant research. As an institution, SZABIST resilient is very responsive to the needs of our students and to the needs of our faculty for their future development and growth.

SZABIST operates in line with the Vision and Mission of our founder Mohtarma Benazir Bhutto Shaheed who always wanted a university that provided a nurturing and supportive environment for students for their intellectual development, growth and research. However, what was equally important in her mind was to provide a comprehensive wholesome environment where not only students have the opportunity to attain academic excellence but they also have the opportunity to develop their talents in debating, art, theatre, historical societies, cultural societies, literary societies, sport societies, travelling and engaging with the world outside.

SZABIST is proud of its achievements. I would like to congratulate every member who has made it possible for SZABIST to be recognized as one of the premier universities of Pakistan. We are a private sector university and we have shown that we can actually excel, that we can be responsive, responsible and also contribute to the country's development. Achieving the milestone of 25 years is a matter of pride for all of us. The Board of Trustees in particular is to be credited for providing the overall guidance and support to the senior management inclusive of Dr. Altaf Mukati, Madam Nasreen Haque, Heads of Campuses, Deans, HoDs and Faculty who are the architects of this institution.

I wish you all the best for the future.

CELEBRATING 25 YEARS OF SZABIST

Dr. Mohammad Altaf Mukati
Vice President (Academics),
SZABIST

25 years it is! Silver Jubilee

Kudos to the vision of its founder for sowing its seed in 1995 has germinated into a full-grown tree with branches in the span of just 25 years, with hundreds of people in the market place (Alumni) boast of its formation embedded in the mission which states that the vision of this great institution is to form "morally upright, academically excellent, gentle mannered young men and women who make a positive impact in society".

Working for SZABIST as a Vice President (Academics) is a pride. SZABIST, which started its journey with just two programs of MBA and MS (Software Engineering) with 96 students enrolled, is now offering 43 programs (with specializations) from undergraduate to PhD with an enrollment of over 10,000 students across its five campuses. SZABIST enjoys 95% on its quality index as assessed by HEC, with all of its programs are accredited by the relevant national regulatory bodies. With nearly 100 research published by its faculty every year, SZABIST believes an institution without research is like a body without soul, has embedded research component in all of its programs. With more than 21,000 students graduated, SZABIST has a very strong well-placed alumni, serving nationally and internationally.

25 YEARS OF EXCELLENCE

CELEBRATING 25 YEARS OF SZABIST

Nasreen Haque
Vice President
(Development And Finance),
SZABIST

It is with great pleasure and pride that we are celebrating SZABIST's 25th Anniversary. My congratulations on completing a quarter of a century of remarkable achievements to truly establish an institution of academic excellence.

Anniversary encourages us to look back and recognize the powerful impact that the institute has made by grooming students as effective and responsible leaders. Not only is SZABIST Alumni sought by national and multinational organizations, but they hold key positions producing and implementing powerful and important ideas.

SZABIST founded in 1995 has had an enviable record of accomplishments at its campuses at Karachi, Hyderabad, Larkana, Islamabad and Dubai as well as at its Schools, Technical Training Centre's and Allied units. But what has been achieved would not have been possible without key contributions from every one and I am proud to be a part of these initiatives.

With a Can-Do attitude, we have come this far in such a short period of time. But we are by no means satisfied. We must aim higher, to make this institute an even greater place for the world to see and recognize. To do that, innovation and imagination hold the keys to our future success.

We are blessed to be working under the policy directives of our Chairperson Board of Trustees Madam Bakhtawar Bhutto Zardari the daughter of our founder Shaheed Mohtarma Benazir Bhutto, and the leadership of our Chancellor Madam Azra Fazal Pechuho. It is under the SZABIST leadership that the team has worked hard to make the dream of Shaheed Mohtarma Benazir Bhutto and the vision of Shaheed Zulfikar Ali Bhutto come true. I am confident that under their leadership SZABIST will continue to nurture capable professionals who will meet the needs and challenges of the next century positively impacting Pakistan and the world.

My warmest congratulations on achieving this important milestone. SZABIST has a bright future and my best wishes for even greater success in the years to come.

CELEBRATING 25 YEARS OF SZABIST

Mr. Khusro Pervaiz Khan
Head of Islamabad Campus
SZABIST

While the SZABIST family celebrates the Silver Jubilee of the creation of this prestigious seat of higher learning, it gives me a great feeling of self-fulfillment to be part of the team missioned with the realization of the dream and the vision of the founding leadership of SZABIST.

The genesis of SZABIST dates back to early 1990's when the then Prime Minister of Pakistan, Shaheed Mohtarama Benazir Bhutto, envisioned a centre of excellence in science and technology deeply informed in social sensitivities and economic considerations of the country. She firmly believed that Pakistan can achieve an honorable status in the comity of nations only through investing in developing qualified, responsible, and skilled human resource. To realize her dream, she laid the foundation of SZABIST.

Hence, SZABIST focused on inculcating personal and professional traits of motivation, integrity, competence, and ability along with academic excellence to bring about the desirable shift in our socioeconomic fabric to make the country a prosperous, successful, and modern nation with the potential to positively respond to the challenges and opportunities of the 21st century. Steadfast in our mission, we have been continuously investing on the human resource development to improve the intellectual and investigative qualities of the youth for national advancement and prosperity.

The academic, research, and developmental contributions of SZABIST Islamabad bear witness to the rightness of the direction and the extent of the genuine effort. The phenomenal achievements of SZABIST in general and of Islamabad campus in particular have not only proved the precision of the founders' diagnosis but have also established the veracity of the path taken to make it to the comity of developed nations.

SZABIST has and will continue to produce competent scholars and professionals educated in a creative, stimulating, and forward-looking environment with the urge and motivation to make this world a better and safe place.

SZABIST

On the occasion of Silver Jubilee, I would like to thank to all individuals who have contributed directly or indirectly towards the making of this world class Institute. To us SZABIST is not an Institute but a family symbolic of a clear vision, and strong commitment of Shaheed BIBI Muhtarma Benazir Bhutto. As Bibi Shaheed firmly believed in high-quality tertiary education for the students of Pakistan generally and Sindh province specially. Hence, SZABIST has provided a nurturing ground for the development of contemporary knowledge, critical inquiry, leadership, and core life skills.

SZABIST Larkana campus has a glorious history; Bibi Shaheed inaugurated this campus in 1996, in a small building at Larkana and in 2004, the campus shifted to its new building which is customized with the state of the art facilities.

Since then SZABIST Larkana has started to grow everyday thus, it has presently attended the reputation of top institute of higher education in the region. We are proud to carry forward the vision of BIBI Shaheed and we live up to that trust.

We look forward to next 25 years to make this Institute an ever greater place for the world to see and to recognize.
